

## Job description

### Activities Coordinator / Holistic Therapist

We are looking for a compassionate and enthusiastic individual who would like to be part of a team responsible for supporting the well-being and care experiences of our 24 service users.

We are trying to change the perception of experiences within a nursing home environment, opening access to holistic therapies within the parameters of our day to day working.

We are looking for a positive and confident individual with experience of holistic therapy provision, including but not limited to: reiki, aromatherapy, massage, meditative therapy and reflexology.

Within this role, you will be working alongside our healthcare team to support the holistic needs of our service users.

Duties will include but are not limited to:

- The facilitation of activities designed to promote well-being through social engagement.
- Supporting the healthcare team in the provision of holistic healing therapies to enrich care experiences.
- Assisting our service users to express personal preferences and routines, supporting the facilitation of hobbies and interests.
- Working alongside our healthcare team to support and facilitate communication between our service users and the individuals important to them.
- You will work alongside our healthcare team to support the emotional and social wellbeing of our residents.
- Assist in planning and implementation of entertainment, events and outings, whenever possible.

Candidates will benefit from having positive communication skills and previous experience within a nursing home or day care establishment. Whilst experience is preferred, it is not essential as full training and support will be given.

For further information, please contact John Clemens, Matron/Registered Manager or Kate Rossall, Business Support Secretary on 01736 788433 (option 2).

Reference ID: Holistic Activities

Job Types: Full-time, Permanent

Salary: £9.75-£10.50 per hour depending on experience

COVID-19 considerations:

As a registered Nursing Home, we are taking the threat of Covid-19 seriously. We provide full personal protective equipment in an environment which has established safe working practices in the areas of infection control and health and safety.
